HP LaserJet Q7516A Print Cartridge delivers professional print quality and excellent value to your business

### The science behind brilliant printing.

#### HP Smart Printing technology enhances productivity and print quality

Equipped with HP Smart Printing technology, genuine HP print cartridges continually make system adjustments that optimise output quality and also let you monitor print jobs and supplies levels.

#### Impressive print results

An original HP LaserJet print cartridge is a vital part of the printer, comprising up to 70% of the total imaging system. It not only delivers crisp, sharp images, it also preserves HP LaserJet printers and allows them to perform at their optimal level.

#### Exceptional reliability

The use of low-cost remanufactured cartridges actually leads to HP cartridges and printers are not just exceptionally dependable, they deliver a trouble-free printing experience that eliminates wastage and re-printing and reduces downtime and labour charges. And that goes straight to your bottom line.
