Empower CAD and GIS professionals with a single, reliable, large-format printer. Original HP Vivera inks enable impressive detail and accuracy, while convenient technical and manageability features enable workteams to print with confidence.

Impressive accuracy and detail
Professional projects with neutral gray, true black and impressive colors.

- Produce exacting detail and precise, accurate line quality. Using the HP Three-black ink set the system produces true neutral gray, accentuating the detail in your prints. Get improved line accuracy to 0.1 percent\(^1\) and 0.0423 mm minimum line width, plus excellent horizontal-to-vertical line-width difference.

- Present your professional best. HP Vivera inks produce a wide range of colors, from vivid color to soft tones. With the matte black, photo black, and gray HP Vivera inks, you’ll achieve more accurate color and true neutral gray, even on glossy media. And your prints will have smoother area fills, more depth, and more subtle contrasts.

- Avoid smudges with fast-drying HP Vivera inks. HP Vivera inks result in prints with excellent smudge-resistance on a range of Original HP media.

Fast, easy to share
Boost personal and workgroup productivity.

- Print CAD and GIS projects as fast as 35 seconds for a D-size page.\(^2\) The HP Designjet T1100 delivers high-speed printing without sacrificing accurate print quality. HP Scalable Printing Technology is designed to place smaller ink drops precisely for consistent results, even at fast print speeds.

- Free up workstations and process complex files quickly. In-printer processing architecture lets you send a file to the printer and get back to work quickly. The printer’s 40 GB hard disk provides a large buffer, reducing the chance that your workstation will lock up when printing large files.

And your files travel swiftly over the Internet, without complication, allowing you to print even the most complex files.

- Change print-job priorities and reprint copies efficiently. Use the Job Center and HP’s embedded web server to control the progress and the priorities of your print jobs, so you can skip the walk to the printer. For easy batch printing, drag and drop a batch of files in any supported format to the Job Center.

- Print jobs on the correct media every time. Alerts displayed by HP Easy Printer Care let you know when your print job requires you to change media. The printer continues printing other jobs until you decide to swap media, so your colleagues won’t be interrupted.

Rest assured
Upgrade to a printer you can count on to deliver results.

- Match your colors from screen to print. Get the right colors on the first print with screen-to-print matching through a range of HP Professional Color Technologies, including enhanced sRGB and Adobe® RGB printing.

- Connect easily. The HP Designjet T1100 readily connects to operating systems and applications thanks to HP-GL/2. HP printer drivers are specially optimized for AutoCAD, providing Windows® ease of use with the performance of HDI. And, Macintosh® drivers are standard with every model. HP Designjet T1100ps Printers deliver more robust connectivity with embedded PostScript/PDF support, printing TIFF and JPEG with embedded ICC profiles, offset emulation, and professional PANTONE® emulation.

---

1. +0.1 percent of the specified vector length or +0.1 mm (whichever is greater) at 23° C (73° F), 50–60 percent relative humidity, on E/AO printing material in best or normal mode with HP Matte Film.

2. Mechanical printing time on plain media in fast mode with Economode on.
HP DesignJet T1100 Printer series

1. Roll feed accommodates media rolls up to 300 ft
2. HP Vivera ink supplies up to 130 ml
3. Three long-life printheads featuring HP Scalable Printing Technology
4. Easy-to-reach, intuitive front panel
5. 40 GB hard disk for large files and file queuing
6. Media stand and bin collect drawings as they print
7. USB, Ethernet connection ensures easy workgroup integration
8. EIO slot accommodates an array of HP Jetdirect options

Printer series at a glance

**HP DesignJet T1100 Printer:**
- Choice of 24- and 44-inch models
- Drivers for Windows and Macintosh
- 256 MB RAM and 40 GB hard disk
- Direct file submission of HP RTL, HP-GL/2, and CALS files

**HP DesignJet T1100ps Printer:**
- Choice of 24- and 44-inch models
- Drivers for Windows and Macintosh
- Embedded Adobe® PostScript® 3™ RIP
- 256 MB RAM and 40 GB hard disk
- Direct file submission of HP RTL, HP-GL/2, CALS, TIFF, JPEG, PostScript, and PDF files

Options
- Additional spindles for easy media swapping
- Installation service
- Warranty extensions or upgrades
- HP Jetdirect network solutions
**HP 72 Printheads**

**Built with HP Scalable Printing Technology**
HP Scalable Printing Technology uses uniquely constructed printheads that yield faster speeds, so you’re more productive. Accurate drop placement ensures your work looks its best. And longer printhead life saves you time and money.

**HP 72 Vivera inks**

**Tested to ensure results**
Superior HP engineering isn’t just for hardware. Original HP Vivera inks are formulated through a process of rigorous testing. Ink chemists typically design up to 1000 prototype ink formulations while developing a new ink—and all HP inks are subjected to more than 20 tests for purity to prevent problems that degrade image quality. You can be confident that with HP 72 Vivera inks, you’ll get consistently crisp, clear, accurate lines, and vivid color—even true neutral grays—in fast-drying, smudge-resistant prints.

**Original HP media**

**Matched to your job**
Print lots of drafts just for review? Choose a jumbo roll of HP Bright White Inkjet Bond Paper. Need to print a really dense map that will get handled a lot? Try HP Super Heavyweight Plus Matte Paper. Want to make a good impression in your presentation? HP Self-adhesive Gloss Polypropylene is just what you need for your project boards. Choose from over 20 Original HP substrates, all designed together with HP Vivera inks to bring professional results to your projects, day after day.

**HP Services**

**Here to help**
Want to ensure your printer is always available and productive? Check out HP Care Pack Services for installation and multi-year on-site services. Experts are available with technical phone, web and on-site services to make sure you get the most efficient use of your printer. Competitively priced, flexible packages let you select service levels, hours of coverage and response times that meet your needs.

**Recommended system requirements**

- **Macintosh**
  - Mac OS X v 10.2, Mac OS X v 10.3
  - Mac OS X v 10.4 or higher
  - PowerPC G4, G5, or Intel® Core Processor
  - 1 GB RAM, 2 GB available hard disk space

- **Windows**
  - Windows 2000, Intel Pentium III (733 MHz), 512 MB RAM, 2 GB available hard disk space
  - Windows XP Home, Windows XP Professional: Intel Pentium IV (1 GHz), 512 MB RAM, 2 GB available hard disk space

**Dimensions (w x d x h)**

- **Printer**
  - 24-inch models: 49.7 x 28.1 x 42.5 in./1262 x 661 x 1074 mm
  - 44-inch models: 69.7 x 26 x 42.1 in./1770 x 661 x 1074 mm

- **Shipping**
  - 24-inch models: 57.9 x 30.7 x 29.1 in./1470 x 780 x 740 mm
  - 44-inch models: 77.3 x 30.7 x 30.7 in./1965 x 780 x 780 mm

**Weight**

- 24-inch models: 143 lb/65 kg
- 44-inch models: 189 lb/86 kg

**Shipping**

- 24-inch models: 225 lb/102 kg
- 44-inch models: 271 lb/123 kg

**What’s in the box**

- Printer, printheads (3 x 2 colors each), introductory ink cartridges, coated paper sample roll (24 in. x 25 ft), stand, rear tray (24 in.), 3-inch spindle, adapter kit, quick reference guide, setup poster, legal document, doc and drivers DVD, Autodesk Design Review CD, customer service guide, interface cable, power cord

**Environmental attributes**

- EU (EMC Directive), Australia (ACA), New Zealand (MoC), China (CCC), Japan (VCCI), Certified as Class A product: Korea (MIC), Taiwan (BSMI)
- Compliance for Class B products: EU (EMC Directive), United States (FCC Rules), Canada (DoC), Australia (ACA), New Zealand (MoC), China (VCCI), Japan (VCCI), Certified as Class A product: Korea (MIC), Taiwan (BSMI)

**Energy consumption**

- Maximum 200 watts
- Standby 4.4 B(A)
- Off 0.1 watts

**Power supply**

- Maximum 200 watts
- Power average 27 watts
- On 0.1 watts

**Inputs**

- Power input voltage (auto-ranging): 100 to 240 VAC (+/- 10%), 50/60 Hz (+/- 3 Hz), 2 amp max

**Certification**

- United States and Canada (CSA certified), EU (EVD and EN60950-1 compliant), Russia (GOST), Singapore (PSB), China (CCC), Argentina (IRA4), Mexico (NYICE)

**Electromagnetic Compliance**

- Class B products: EU (EMC Directive), United States (FCC Rules), Canada (DoC), Australia (ACA), New Zealand (MoC), China (VCCI), Japan (VCCI), Certified as Class A product: Korea (MIC), Taiwan (BSMI)

**Environmental ENERGY STAR qualified models:**

- www.hp.com/go/energyestar, IEEE-802S

**Warranty**

- One-year, next business day, on-site warranty

**HP Care Pack Services**

- H4518E HP Onsite Installation with Network Configuration
- UG723E HP 3-Year Next Business Day Onsite Service
- UG724E HP 4-Year Next Business Day Onsite Service
- UG725E HP 5-Year Next Business Day Onsite Service
- UG728E HP 1-Year Post/Warranty Next Business Day Service
