P2055d • P2055dn

## Reduce your environmental impact and still get the print speeds and ease of use you require.

- Use less energy with intelligent features like Instant-on Technology.
- Conserve resources by reducing paper use and recycling empty cartridges.
- Make a difference by using simple tools to optimize your energy, paper, and supplies use.

HP's Design for the Environment initiative is driving improvements at every stage in the product lifecycle—helping reduce the amount of energy, paper, packaging, and materials used at HP and by our customers. Through smart design, we can reduce the environmental impact of our products, and of our customers.

## Reduce energy consumption

Be ready to print in seconds. Instant-on Technology in the HP LaserJet P2050 Printer series provides up to 50 percent energy savings over traditional fusing technology while also enabling print jobs to begin quickly.<sup>1</sup>

The printer is ENERGY STAR<sup>®</sup> qualified, which means you can help protect the environment without sacrificing features or performance. In addition, you'll save money by reducing energy costs.

## Save resources

The printer's convenient auto-duplex feature preserves the resources needed to make paper and reduces your paper costs. The printer also supports 100 percent recycled paper. Use N-up printing to place multiple document pages on a single printed page—perfect for handouts and proof printing.

HP helps you recycle your print cartridges and hardware—it's easy and free with the HP Planet Partners program.<sup>2</sup> All HP print cartridges and hardware returned to HP through Planet Partners are recycled to recover raw materials or energy. HP never refills or resells print cartridges, and never sends them to a landfill.

## Minimize your carbon footprint

The HP Eco Solutions Print Console allows you to manage your printer's energy and paper-saving preferences right from your computer's desktop. Plus, get access to information about reducing your carbon footprint, recycling print cartridges through HP Planet Partners, and more. For a free download, visit [www.hp.com/go/printconsole](http://www.hp.com/go/printconsole).

Please recycle your computing hardware and printing supplies. HP asset management and recycling services make responsible disposal easy.

<sup>1</sup> Instant-on Technology uses cutting-edge fuser technology to produce the first page faster when a printer is coming out of low power mode so your print job is done sooner. An InfoTrends study shows the typical office print job is three to five pages long: [www.infotrends.com/public/Content/Presentations/officeprinteruse.pdf](http://www.infotrends.com/public/Content/Presentations/officeprinteruse.pdf). Time To Completion of a typical office print job tested on HP and select competing products. Actual results may vary.

<sup>2</sup> Program availability varies. HP printing supplies and hardware return and recycling is currently available in more than 50 countries, territories, and regions in Asia, Europe, and North and South America through the HP Planet Partners program. For more information, visit [www.hp.com/recycle](http://www.hp.com/recycle).

# Maintain **HIGH PRODUCTIVITY** with quick print speeds and simple device use and maintenance.

## Compact, fast, and easy to use

Save valuable desktop space and enjoy convenient access to the printer with its sleek, space saving design. Reduce operation noise with the printer's Quiet mode.<sup>3</sup> Get your documents and get back to work quickly with print speeds of up to 35 pages per minute (ppm), letter.

Efficiently utilize printing resources with fast, high speed connections via built-in Gigabit networking on the P2055dn model.

Safeguard your business with security capabilities that help protect devices and critical information on your network. Prevent unauthorized access with management features like 802.1X authentication and password protection (P2055dn model only).

Enjoy at-a-glance printer and supplies status and easily navigate printer functions with the intuitive 2 by 6 inch LCD control panel.

Maintain your printer more effectively and avoid unexpected down time. With intelligence built into the print cartridge, you'll receive alerts when supplies are low and should be reordered.

## Get the most out of your printer with HP accessories, supplies, and services.

Upgrade the printer and share among multiple users with the HP Jetdirect ew2400 External Wireless Print Server.

### HP Services

Because downtime can have serious business consequences, HP provides high-quality services that extend beyond the standard warranty and help you avoid unbudgeted repair costs. Benefits include reduced printing and infrastructure costs, maximized uptime, expert technical phone support, and predictable, consistent service delivery—even across multiple locations.

Recommended services:

- **Next Day Onsite Service:** HP-employed service engineer or authorized support provider delivers service the next day after your call has been logged
- **Next Day Exchange Service:** The printer is replaced the day after it goes down with door-to-door pick-up and delivery

These services and additional coverage options can be purchased as:

- **HP Care Pack Services:** easy-to-buy, easy-to-use support packages
- **HP Contractual Services:** a comprehensive portfolio for maintaining maximum IT availability

HP also offers **HP Managed Print Services:** scalable assessment, procurement, implementation, management, maintenance, support, and workflow services.
